**National Environmental Policy  
Act - Finding of No Significant  
Impact (FONSI)**  
[view .pdf](#)

**TO ALL INTERESTED AGENCIES,  
GROUPS AND PERSONS:**  
Project Title: Seldovia Bulk Fuel  
Update  
Purpose of Project: Upgrade  
existing non-code compliant tank  
farm & systems with compliant  
facilities  
Project Address, City, County,  
and State: Seldovia, Alaska  
Federal Funding Source: Denali  
Commission

An Environmental Review Record for  
this project has been made by the  
Alaska Energy Authority (AEA) which  
documents the environmental review  
of the project and sets forth the  
reasons for a FONSI. This  
Environmental Review Record

is available for public examination  
and copying upon request at AEA's  
Anchorage, AK office (see  
letterhead). No further environmental  
review of this project is proposed to  
be conducted.

AEA is certifying that its  
responsibilities and the  
responsibilities of the Federal  
Funding Source under the National  
Environmental Policy Act of 1969  
have been satisfied and the project  
may proceed. AEA will accept an  
objection to its approval of this  
certification if it is on one of the  
following bases: a) That the  
certification was not in fact executed  
by the certifying officers(s); b) That  
AEA has omitted one or more steps  
in preparing the environmental  
review, and that correcting the  
omission may result in a finding of  
environmental significance.

All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments for consideration by AEA to its office in Anchorage (see letterhead). Such written comments must be received at AEA's Anchorage, AK office not less than 15 calendar days (beginning the day after the day this Notice was published) or 18 days (if this Notice is posted instead of published). All such comments so received will be considered and AEA will not take any administrative action on the project until the comment period has ended.

Objections to this project on any basis other than those stated above will not be considered by AEA. No objections received after the comment period will be considered by AEA.

David Lockard (907) 269-4541  
(AEA Project Manager and Telephone Number)  
813 W. Northern Lights Blvd.,  
Anchorage, AK 99503
