2 Cents Worth:

“Do you think the proposed Public Park on Main Street is viable?”

“I think it is viable. We have 95 signatures of the community members here who have indicated that they would like to see a park in that location. I think it is viable in that location because it is close to the dock. Our visitors can have a beautiful place to sit down and enjoy. I cannot imagine any location other than that. We have the very best view of any other location.”

Peggy Keesecker

“There is need in the summers for a sit-down place for visitors and locals, where they can eat their “to-go” orders, take a rest from their walks around town, and watch for the boat to come in, when they are leaving later that day. What better place for this type of small park that right on the harbor, on Lot 1, Block 13. This public lot was formerly the entrance to the small boat harbor, where the ramp went down before the harbor was enlarged. It has always been Public.”

Darlene Crawford

“Yes, we’ve had Lollipop Park for many years, and until it was renovated it was always the stopping point for parents and even people from out-of-town. It was just a nice, restful place for parents to sit and watch their kids and for kids to play. Now, that was just a little park, and I would probably like to see a bigger park, but I think the *center* of town is a good place for a park.”
