### SBE Science Fair 2006

[Click here for the full PhotoStory](#)

On Tuesday the 9th the 4th- 8th grade held its science future fair. The following is a list and brief description of the experiments in the fair:

Lily Kroll- Robot Nurse- a robot maid/ nanny combo that can do everything that you dont want to and it can talk and fly

Kathleen Gruber- Shuttle Chino- It will be built in the year 2092 to shuttle people from the Earth to the Moon and from the Moon to the Earth. Shuttle Chino is two stories tall. One story is for the passengers and it contains all the comforts of home and then some, and the second story is for the crew and it contains a kitchen and a laboratory, which can deal with any problems that come up during the trip.

Chaela Ogle- Poison Absorber- It is designed to absorb and trap the poison in Venuses atmosphere and make its atmosphere breathable for humans.

Matthew Gain- MHGSS15 Project

Kaitlyn Hecks- Ro Dog- It is a space suit for a dog.

Amanda Gain- Nanobot Gun- This gun shoots an air bubble with a thousand nanobots in it then when it hits the targets body the nanobots go to their brain, shut it down, and then disintegrate themselves.

Sara Geagel- Food Touch Book- This is a large menu that when you touch the name of the food that you want the food materializes ready to eat.

Leslie Peterson- Laser Drawing- It draws anything you tell it to, it scans pictures, and you can use it to draw freestyle

Courtney Collier- Music Earpiece- They are head-phones that aren't connected to anything but you and they can play any song

Adam Ogle- SMR- The SMR travels through water, outer space, and on land. It has unlimited space, language translators, all the technology that the human race had even created, and it has unlimited gas, since it is powered by solar energy.

Darin Baines- Protective Shield against a Pistol Star- This is a protective box made out of lasers that will protect a person or even a whole planet from a super nova.

Xandria Swick- C.T.G.U.W. (Car That Goes Under Water)- This car was designed to prevent all of the accidents that occur when people drive into lakes or rivers and then drown.

Jen Sing- See-A-Scope- The See-A-Scope is a telescope that will show you anything in the universe that you want to see.

Ginger Moffet- Technology Hat- The technology hat downloads information from a disk into your brain, so that you can learn anything almost instantly.

that you think of.

Cameron Blodgett- Flex-O-gel- It can turn into any wireless device and it has unlimited power, and when you are done with it, it turns back into a cell phone until you need it again.

Katrina Hecks- Educational Sleeping Cap- You put on the hat at night and while you're sleeping it sends zaps of knowledge into your brain at twenty-minute intervals, and using this hat you can complete an entire one-year school subject in four and a half days.

Devon Hilt- Mini Robot Teacher- The name says it all for the Mini Robot Teacher. However it still talks like a robot.

## Coming to Susan B English School on May 12th . . . Don't miss this one!

On Thursday May 11th the cast of *Much Ado About Nothing* will be doing a performance/ dress rehearsal of the play for the school at 1:00 pm. Then on Friday the 12th they will perform the play for the community at 7:00 pm. When I asked Miss. Hilt about how she felt about the play she replied, Im very excited for the play. After the Christmas Program the students immediately asked if they could do a spring play. They have taken it on with Gusto. I hope that every one will enjoy the performance as much as we have enjoyed putting it together. Were particularly grateful for Lisa OLeary and Sally Smith and all of their hard work.

The Cast list for *Much Ado About Nothing* is as follows:

Don John- Josh  
 Don Pedro- Joel  
 Benedict- Paul  
 Claudio- Tim  
 Beatrice- Molly  
 Hero- Rochelle  
 Margaret- Chelsea  
 Ursula- Alisa  
 Leonata- Kate  
 Brachia- Courtney  
 Constanza- Kathleen  
 Dogberry- Kyle  
 Vergita- Stephanie  
 Messenger- Darin
